

CI SIGNATURE ROOMS

Arc & Peak 7

Catalogue # 20-2030

Room Size Minimum | 16' x 14'

Seating Capacity | 5

Facility Requirements | 2x Power Sockets, 2x Data Ports, Wall Blocking

This hybrid space flips the traditional conference room configuration. The curved table faces the long wall to leverage Microsoft Teams® Front Row experience, allowing participants to be eye-to-eye. The Logitech Rally Bar below the display supports eye-to-eye contact. Logitech Rally Mic Pods allow everyone to be heard. People can easily see meeting details and reserve a room with Logitech Tap Scheduler.

TECHNOLOGY

105" Display | \$21,195.00 (Pictured Right)

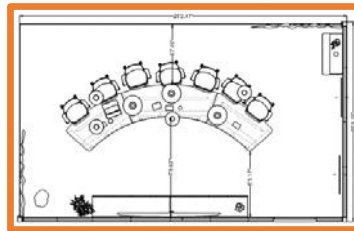

Dual 65" Displays | \$11,150.00

Dual 55" Displays | \$9,631.00

Key Features | Wireless Content Sharing, One Button Join Functionality

Convenience Outlets above Table | 1x Power Outlet, 2x USB Charging

Included Technology | Avocor 105" 4K Ultra-wide, 21:9 display, Rallybar Large (Sound Bar and Camera)
Logitech Tap (Touch controller), Tap Scheduler (Scheduling Panel)

FURNITURE

Steelcase Arc 7 | \$9,232.00

Terrain Peak 7 | \$4,377.00

Steelcase Karman | \$950/ea.

The Flexible Conference Room is perfect for mid-sized conference rooms accommodating up to 12 people. Its design focuses on simplicity and functionality. With a Certified Appliance for Zoom or Microsoft Teams, the computer, microphone, speaker, and camera are all integrated into a single unit at the front of the room, making it easier to manage, deploy, and scale.

With the video conference appliance's native dual display output, conferences can utilize features such as extended gallery view, smart gallery, and multi-share wireless content sharing. A Zoom or Teams-certified controller on the table allows for easy meeting initiation through calendar integration or ad-hoc joining. The Scheduling Display, which is also accessible outside of the room, enables users to view or reserve the associated room and any other available bookable room in the building.

75" Samsung	Dual 75" 4K, UHD LED display
